

## Product Information Sheet

### Pollination Class Activity Pack

Our range of science experiment kits will equip you with all you need to carry out each of the practical experiments included in your LJ Create science program.

The kits can be used for teacher demonstration, individual student, or group activities.

Each of the experimental kits are provided in a labelled storage box to allow for easy identification and selection during classroom activities.

Our range of science kits are also supplied with an inventory reference sheet to provide simple resource management and replenishment of any consumable items.

The Pollination Class Activity Pack provides a package of consumable items to enable groups of up to 30 learners to explore how plants and insect interact for pollination to occur.

#### Typical Practical Tasks Include:

- Pollination

#### Items Included:

- Craft Items for Bee and Flower Modelling (Consumables)

#### Other Items Required:

- LJ Create Science Content and Computer
- Some activities require Apparatus Kit 500-01 or 501-01
