

Product Information Sheet

Autoranging Digital Multimeter

Selected to accompany the LJ Create range of electronics training systems, this unit is used for practical investigation of circuit theory, test and troubleshooting.

This small, well-designed, hand-held digital multimeter meets all the voltage, current and resistance measurement requirements of the LJ Create range of electronics training systems.

Specification in brief:

- Palm size
- Auto ranging
- DC voltage, AC voltage, DC current and AC current ranges
- Resistance ranges
- Diode test
- Continuity tester
- Battery operated

Order Code: 300-12

P9183-B
